First name: Teresa Ann

Last name: Loyola

Organization:

Title:

Comments: I've lived in Teton Valley for 30 years after living in Park City and Salt Lake City. I've held management positions at two Utah ski resorts, and have seen the destruction of public lands that are vital habitats for wildlife and accessible to people from all walks of life. Teton Canyon is a treasured asset for all living beings, and should not be sacrificed to become a parking lot for the clientele of a private corporation. I support Alternative 3.
