Comments: Until recently I lived in Orem UT and volunteered with the Timpanogos Emergency Response Team, and have hiked many times in the Timpanogos Wilderness Area, often in the Emerald Lake vicinity. I believe that not only would the public be well served by having the shelter structure restored, but as a historical and cultural building it would better suit the landscape and purposes of the Wilderness area much better than the current pile of rubble. Please support and rebuild the shelter as soon as possible. Thanks.
