Ben Kraja, District Ranger at 390 N 100 E, Pleasant Grove, UT 84062.

I am commenting on behalf of the Yellowstone to Uintas Connection. We are a 501c3 organization located in Paris, Idaho.

The link to your webpage did not provide a means of submitting a comment, at least I was unable to find it. So I am sending this note instead.

We are opposed to the reconstruction as buildings, even old ones are not representative of wilderness. If this goes ahead, it will just result in more exploitation of wilderness with this as precedent.

We have spent years documenting degradation of wilderness areas in Utah from various uses. Wilderness should remain natural with no sign of human "trammeling" which this reconstruction is.

Thank you,

John Carter, President

Yellowstone to Uintas Connection
