First name: Arianna

Last name: Bebb

Organization:

Title:

Comments: This mining project will cause permanent and irreversible damage to this area. It risks environmental safety, access to religious freedom for Indigenous Peoples, South Dakota's own tourism economy, and more for an industry that makes up less than 1 percent of the whole state's economy. This project is a bad idea that will not benefit the health or well-being of the people or the land.
