Comments: this is desecration of tongass which should be kept fast wild as possible tongass is not there for development. this is a wasteful spending projct out of control.there is no public demand for publci land to be desecrated. if communities want this, put the damn cabins on community land and let them pay for it.not national taxpayers. you tax and spend taxand spend.you neglect to put an email address for the prson responsible for this negative plan. hiding out i suppose. agency i
s trying to sneak this thorugh during summer when majority of citizens are trying to get a little vacation in.its a sneaky operation at the usda. i totally reject this spending. no need for it. no reason for it.no deman for it.its all made up
