Comments: Siincerely AGAINST reconstructing a useless, dilapidated, sheet metal Quonset hut in the Mount Timpanogos Wilderness along the Wasatch Front in northern Utah (that was damaged by snow during the winter of 2021-2022). Worse:

as part of the construction plan, the agency would invade the Wilderness with helicopters, jackhammers, cement mixers, and other motorized equipment.

Absurdly the Forest Service claims that rebuilding the structure would improve the area's wilderness character.

Are they out of their minds???? Stop this please!
