Comments: Please leave nature alone. There is no need to disrupt the environment for this unnecessary project.

The Forest Service's first responsibility is to protect the wild character of the Mount Timpanogos Wilderness. The agency's own wilderness policy recognizes that a structure is not needed for visitor use, stating that visitors must be prepared on their own to face "inherent risks of adverse weather conditions, isolation, physical hazards, and lack of rapid communications, and that search and rescue may not be as rapid as expected in an urban setting."
