Comments: I am writing to comment on the proposed plan to rebuild the dilapidated, sheet metal Quonset hut in the Mount Timpanogos Wilderness. I think the proposal to rebuild the hut is a mistake and the hut should be left to deteriorate over time.

Reconstructing the hut will further disturb the wilderness both by the hut reconstruction and later by the public attention to the hut. An environmental impact statement should be done and I believe will confirm that reconstructing the hut is inconsistent with the wilderness designation.

Reconstructing the Quonset hut is an unnecessary expense and should not be undertaken.
