First name: Katie

Last name: Halmekangas

Organization:

Title:

Comments: I do not want this sensitive habitat to be damaged. I ask you leave large trees and other biological legacies in the project area intact, protecting sensitive wetlands and meadows from disturbance by heavy machinery, advocating for the inclusion of the Confederated Tribes of Warm Springs' recommendations, pushing the FS to restore problematic dispersed camp sites in the area around Timothy Lake, and preventing unauthorized access to closed roads to protect wildlife and sensitive habitats.
