Title:

Comments: Please protect the beautiful Black Hills and honor the dignity of its indigenous peoples. By allowing this exploration project to continue, you are continuing the violent legacy of colonialism that taints this countries history forever. Please honor the people of this land who have nurtured it maintained if for far longer that this country has been around: they know it better that anyone. Please don't rob the American people of experiencing the beauty and serenity one gets from these mountains. Lastly, if you are not immediately inclined to stop this project, please extend the commenting period by 60 days to further consider our please.
