First name: William

Last name: Waggoner

Organization:

Title:

Comments: I Demand the Forest service and Army Corp of Engineers do a significant nexus. And if Keisers are at risk. Then the the High risk of pollution to the aquifers should be fully educated to the people of South Dakota. Sdcl 46-1-1 south dakotians are the Lawful owners of all water. Above and underground. Also we stand ON all the laws that are in the Waters of the United States. All perennial and annual creeks are protected under the laws of WOTUS.
