Comments: I adamantly OPPOSE the Ponderosa Drilling Project in Spearfish Canyon. Why do we have to ruin out beautiful and natural resources in order to make financial gain? Why do we have to open up the land and possibly contaminate the water, soil, pollute the air, and destroy natural habitats for animals and plants?

Sadly, these drilling/excavation companies/people dont care about the environment or sustaining and preserving lands that offer us so much? Can't we protect these areas for future generations? Haven't we drilled and destroyed enough? Please stop this from happening. No good comes of it.
