Title:

Comments: As a year around resident of Lawrence county Sd and only 7 miles from spearfish caynon, I adamantly oppose drilling in spearfish canyon. I am so tired of big corporations ruining public lands and nature for greed. The cayon is small and there is only 200 miles of the black hills and every year some corporation wants to ruin it for money. Go somewhere else and leave us and the beautiful Black Hills alone! I'm an outdoorsman, motorcyclist, and love nature. Stop ruining it all for greed and a small amount of gold. Tear up someone's else's back yard and leave ours alone! The black hills are serene and a precious treasure to those of us who live here. Stop trying to destroy it!
