Comments: Please do not close our roads and eliminate or restrict my access to my national forests.

I have grown up in these forests. I hunt these forests. Restricting access will highly be negative when comes time to fight fires.

I want to be able to enjoy my forests and if you close roads I will not be able to. I can't walk like I used to and if you close off these areas hunting for someone my age will be impossible.

Thank you, Julie Hernandez
