Comments: Hi,

Thanks for letting me comment for my wife and myself. As senior citizens and lifetime Oregon residents, we strongly oppose any existing or further road closures in Wallowa Whitman or any other National/state forests. We love to be able to go for a drive, a hike out from the drive, or a bike ride out from the drive on our many nice forest roads. Love to explore any and all roads. Thank you for counting my opinion.

Sincerely,

Kim and Sandi Baer
