Comments: As a life long resident of the State of Oregon, and a resident of Union County for 49 years, our family has utilized resources from our National Forests for nearly 5 decades. We have fished, hunted big game, mushrooms, berries, and harvested firewood for sustenance as a way of life, that has been passed down for 3 generations and counting. We "police" our own activity, by packing out what we pack in, as well as any other detritus we come across in our outings. We are respectful, law abiding, and responsible in our use of the PUBLIC LAND we inhabit. This Travel Management Plan will compromise and erode our way of life, and is therefore unacceptable. We vehemently oppose the implementation of this over reaching plan.
