Comments: To whom it may concern:

I'm writing in support of the proposed South Pond Hut Special Use Permit and Project Specific Forest Plan Amendment pursuant to the National Environmental Policy Act.

Trail connectivity is SO important to trails getting used. It makes the outdoors accessible to everyone. Anything that helps make the Velomont Trail possible I support - and nothing helps more than places to stay along the route.

An ADA-accessible hut in this location takes advantage of existing infrastructure and is ideally situated to host users of the Long Trail, Catamount Trail, and future Velomont Trail, creating a new point of access to the outdoors for trail users of all ages and abilities.

Please make it happen!
