Comments: I support the development of the South Pond Hut Special Use Permit and Project-Specific Forest Plan Amendment under the National Environmental Policy Act. Creating an ADA-accessible hut, connecting it to the existing hut network, and expanding the inventory of huts available to outdoor enthusiasts would be a wonderful benefit for Vermonters. Vermont Hut Association huts fill up quickly, and adding another option would allow more people to experience and enjoy Vermont. I also appreciate that the proposed hut would be located in an already disturbed area.
