Comments: I propose a locals parking permit to allow for free parking for Summit County locals(year round residents who work and live in this community) to park and access trails in Summit County. This process has been implemented in tourist heavy places such as Kauai with great success. Reasons and support for this include:

Summit County locals live and work in the county and should have easier access to such trails as they are not on vacation and may not have all day to shuttle back and forth to enjoy a trail they once frequented due to time constraints such as having to work, not having care for children, having to run errands etc.

Summit County locals don't want to frequent heavily trafficked tourist trails during peak tourist times such as the middle of the day on weekends so our presence in these areas seems negligible to the overall impact on these trails at such times.

Summit county locals support the county and keep it running to sustain tourism and should be supported by allowing us free access to our trails.
