Comments: The Brian Head ski expansion shall not infringe upon existing grazing allotments. It shall be known that livestock on the landscape shall maintain a priority for future years. Regardless of ski expansion or not. It is very important to recognize that the livestock shall not be interrupted or disturbed because of the ski expansion. This area is a high valued for hunting, livestock grazing & within a critical watershed. To maintain those shall be encouraged to protect & maintain or improve those activities. Ski resort expansion should also consider making improvements for wildlife & livestock.
