Comments: To the Officials Making These Decisions,

Please consider a free evening parking option for locals. I used to love getting off work at 4:30pm and hiking up McCullough Gulch. I can no longer do this without a \$10 parking reservation, which just isn't worth it. The shuttle also stops running previously to this. It's unfortunate you all had to shut down access like this to what was always a pretty much empty trail on summer weekday evenings. I hope you don't further restrict this access to additional trails. It's part of why we all live here.
