First name: Nyles
Last name: Strey
Organization: Slope style
Title:
Comments: Please don't change wheeler trail above spruce creek. We have so few technical steeper trails in Breck since our open space organization has zero clue how to build trails. Hikers hardly use wheeler trail in this section, and even so, I highly doubt they want to meander a bunch of switchbacks to make it a longer hike to the top. Keep wheeler raw or you're going to have a whole lot of pissed of locals on your hands.
