First name: john

Last name: koleszar

Organization: Conservation First U.S.A.

Title: President

Comments: Congratulations on the release of this document. As someone who has waited for over 18 years, it is gratifying to read the proposed actions. Sportsmen across Arizona applaud this decision. Wildlife and habitat have suffered from the exponential growth of the numbers of horses in this area. We agree with horses IN THEIR TERRITORY! Removal from hunting units 4A, 4B and all the remaining forest areas in 3C as well as unit 23 must begin as soon as possible. Thank you for delivering a sound science based solution. John Koleszar
