Comments: Please DO allow e-bikes. There is no sense in banning e-bikes while allowing other kinds of bikes. It's not fair to people who are not physically fit enough to enjoy the trail on foot or by pedalling themselves. If the concern is speed, then please just enforce a speed limit on the trail. EVERYONE should be allowed to enjoy the outdoors, not just those that are fit enough to pedal or hike. E bikes are just as safe as regular bikes, but allow access to the outdoors to more people. Please please please allow e-bikes. Have a speed limit posted if that is the concern. Thank you.
