Comments: I am in support of the construction of cabin/hut on this site .

This area has had structures in the past going back at least 50years.

In the 70's I had the pleasure of using a shelter here when the Long Trail was located through this spot.

This is an excellent chance for the public to use and enjoy this part of the GMNF.

My only concern would be that the structure would be somewhat hidden from view of the Chittenden Dam.

Thanks for the chance to comment,
