Comments: Hi highly oppose this project.
I've been elk hunting this area since 1990 every year.
We have seen changes on road 5138 slowly develop through the years.
Mainly taking out the few camp spots on that road.
There are only 5 spots left.
With this project you will be taking out the remaining spots.
Now where are we going to camp.? There are not a lot of choices available in that general area.
Please discontinue this project.
Thanks.
Guy
