First name: Cliff

Last name: Ballard

Organization:

Title:

Comments: I am opposed to this project because of its vague wording. Typical Government word salad so as to allow any variance of the actual performance of the people in charge. Such as cutting of old growth trees?? The Forest Service who is eventually commanded by Trump is not trustworthy and should be overseen by the Yaak Valley Forest Council organization. The comments about Democrats being at blame for the shutdown are amateur and uncalled for in this setting. Too many Trump ring kissers here.
