Comments: I fully support this project, if there is any problem with it, it is that it does not encompass enough area. Is designed to protect the WUI along vinal lake rd, More needs to be done above Vinal Lake road along Beaver-Browning, Yodkin, Bunker Hill areas to prevent fires from becoming catastrophic. Local landowners should be helping to fund this project, it is protecting their homes. Once this is done move on to Long meadows area. Meadow and Hellroaring are great examples of over mature, overly thick areas, very few animals due to low levels of forage. Hope it goes through.
