Comments: To Whom it may concern:

I am commenting on the "Canyon Forest Restoration Project." This area does not need to be improved by building roads and cutting trees. I agree with the comments made by Olympic Park Associates.

- The Forest Service should concentrate their restoration project on forests most in need.
- Please leave recovering natural forests alone.
- This project threatens to degrade habitats for several listed threatened and endangered fish and wildlife-it requires a full environmental impact statement under the National Environmental Policy Act (NEPA).

Thank you.
