Comments: I would like to see a large firebreak created at the urban interface around the Apache neighborhood.

I also live at 1136 Mulberry and there is a large private undeveloped lot next to me near the STPUD water tank.

What steps are being taken to pressure the owner to clean this area as it was severely impacted by the Caldor fire. Could somebody please contact me in regards to this dangerous lot.

Thank you. I understand you can't clear a private lot but somebody needs to pressure the owner as this is a dangerous lot .
