

Data Submitted (UTC 11): 12/18/2025 7:00:00 AM

First name: Jeannine

Last name: Flynn

Organization:

Title:

Comments: I did not see this proposed action until after the very short public comment period had expired. Myself and millions of other Americans want our wild places saved for future generations. This privately backed operation serves only as a means to put more money into the pockets of those who truly are NOT in need of money and to destroy our land. Please, please, please, do not move forward with this nightmare for our American lands.
