Comments: Firstly, thank you for creating the Tensleep Canyon Climbing Management Plan! Ten Sleep is so beautiful and I hope we can create a balanced use plan that will allow people to enjoy Ten Sleep for many decades to come.

I agree with most of the Access Fund recommendations. Specifically I'd like to emphasize the desire to make wildlife closure, targeted to specific sites, and circumstances. The vault toilets will also be great to add.

I can't wait to visit Ten Sleep this summer.
