First name: BARBARA

Last name: SMITH

Organization:

Title:

Comments: A. What is the Management Emphasis for:

1. Dispersed Recreation.

Continue to provide motorized access.

Provide visual screening within any management units.

2. Developed Trail Systems.

Do not skid across or along system trails. If trail needs to be crossed designate crossing. Repair trail to original tread condition.

Provide visual screening within trail corridor.

B. Please provide me with an electronic copy of all recreation features within the project area.

Thank you,

Barbara Smith
