First name: Scott

Last name: Henderson

Organization:

Title:

Comments: I strongly oppose the expansion of this mine. I'm a thru hiker and trail crew volunteer. I grew up in a boring and mundane suburb in the middle of nowhere where there was no sense of adventure or wonder. Finding public lands and thru-hiking changed my life. It taught me ingenuity, perseverance, and gave me a sense of strength and purpose. Wilderness is essential to being an American.
