First name: michael

Last name: stoll

Organization:

Title:

Comments: 1) a "commercial center?" for what purpose? so somebody who doesnt live here can make money at the expense of those who do?

2) cost of environmental destruction and community preference will far outweigh any value for years to come, if ever

3) Pinecrest and surrounds already has a weakened infrastructure regarding traffic, trash, parking and enforcement...building this pile would only enhance these problems unless the plan is to build a 5 story garage surrounded by stores selling stuff nobody wants

3) who comes up with crap like this?
