Comments: Please refrain from the temptation to over commercialize the Pinecrest area. Basic services (that are already available) are sufficient to meet the need and keep the focus on the natural beauty of the area. City people desiring city infrastructure will only result in the Pinecrest area feeling like the city. But, they are only able to enjoy the area because it isn't the city. I've lived in the area for over 40 years, the city needs to adjust to the country not the other way around. I've been all across the country and the best places are those that are like Pinecrest; simple and nature focused.
