First name: Drew

Last name: Peterson

Organization: Burley Branding Co

Title: Owner

Comments: I have been very impressed with how Liberty Gold has handled this project. Having worked with them on their company clothing, they have been very professional and have shown how much they care about the success of our community and environment. I feel like this project will improve our economy. In my conversations with their company, I can tell that they truly do care about our mountains, and will be very conscientious of our environment. Please approve and keep this project moving.
