First name: Dan

Last name: M Sobkoviak

Organization:

Title:

Comments: I have used this area for recreation on a monthly basis for nearly 20 years. The land is used extensively by thousands of campers, hikers, cyclists, trail runners, hunters, and fisherman. There is no place for strip mining here, it will scar the land, threatens the water, and ruin a prime get scenic area for the residents of the heavily populated surrounding counties. No one is in favor of this project outside of a handful of corporate interests.
