First name: ROYCE

Last name: THOMAS

Organization:

Title:

Comments: I am against the approval to allow for commercialization of the Pinecrest community center. It was never intended to be used for commercial purposes and will result in increased car traffic in an area that not equipped to handle it. Its location proximate to camping and entrance to lair of the bear property will harm the experience for both. And given the current operation without permit approval it is unlikely the operators will abide by forest service restrictions. I am against approval of the plan.
