First name: Paula

Last name: Frantz

Organization: The Pinecrest Community Lodge

Title: Owner

Comments: The Pinecrest Community Lodge operates behind the doors of an existing building to provide services to nature lovers in the Pinecrest Basin. "This change supports the Forest Plan goals for Community Stability and Recreation and aligns with the EXPLORE Act's emphasis on modernizing recreation infrastructure and permitting to meet evolving public needs" and "does not involve ground disturbance, landscaping, or new construction." A little local competition is good in that it helps drive us to produce the best services and products. This permit change ensures that we are being offered the best Pinecrest experience possible.
