Comments: Please do not reclassify the old school site to allow it for commercial use. This will change the nature of this wonderful place and hurt the fragile environment. There is already a big problem with over crowding and lack of parking. This is a hazard and liability as there are limited access to get out in case of wildfires or another emergency.

Please work on the evacuation plan to help safely remove the current people enjoying this area before considering expanding commercial development.

Thank you in advance for doing the right thing.
