Comments: I have been going to Pinecrest for years & I had a wonderful experience last year visiting the community lodge. Im very excited to see what Mr. & Mrs Frantz have been doing with the community & encouraging people to come to the area. I had the opportunity to stay the night & explore the area in detail. The building looks amazing & the remodeling of the building has been superb, they are a great asset to the community & I am looking forward to seeing what happens in the futre.
