First name: Inger

Last name: Stark

Organization:

Title:

Comments: I live mostly in the Bay Area but I also own property in Tuolumne, and I recently spent 2 full years living there. My grand parents lived in Twain Harte, and my own parents retired to Twain Harte. I have spent my entire life spending time in Tuolumne County, and I began my teaching career at Columbia College. I say this to clarify that I know Tuolumne County well, and most of the recreational areas and resources.

I strongly support the Pine Crest Community Center and full licensure for ongoing use! The center both unifies existing/local activity and resources, and brings a new resource and "flavor" to the area. I believe the community center offers a HUGE benefit and support continued (forever) use!

Support! Support! Support!
