Title:

Comments: You have my full support on this much needed, beneficial project for Town of Breckenridge and broader Summit County. I'll volunteer for trail work. Until 10 years ago, I volunteered with Boulder Mountainbike Alliance as a Bike Patroller for nearly 15 years.

I have seen limited conflict on Aspen Alley in the 10 years living here. One time an oblivious mountain biker going downhill too fast and upsetting hikers in leaf season. A couple of times having hikers not pay attention as they had headphones on and dogs off leash. But that's 2-3 times in 10 years of riding this quite often. I mostly avoid in Sept because of crowds.

That said, I believe this proposed trail will enable more usage, less conflict, and a better overall experience for everyone of all abilities and backgrounds. Tourists and locals. This is great and you have my full support.

I know
