First name: James

Last name: Viney

Organization:

Title:

Comments: This is the perfect storm for a catastrophic wildfire right here in our backyard, which could decimate thousands of acres of prime wildlife habitat, world-class outdoor recreation, and the water resources that millions of Utahns rely on. The status quo cannot go on if we want to steward and enjoy healthy forests. As a frequent user of the Wasatch for recreation and as an inhabitant of Salt Lake City i support this project

James Viney
