Comments: I am retired, blessed with incredible health and am up in the Hills 3-5 times a week enjoying "Heaven on Earth"! It is a source of happiness to me to share little known trails and nooks and crannies of the Black Hills with others. Mother Nature has assailed us with the Pine Bark Beetle, Storm Atlas, and the December 2025 hurricane level wind storms. Old trees are disappearing.

Timbering must be looked at with an increasing prudent eye. Please don't let short term greed and political pressure rob us of a precious landscape.
