Comments: Good afternoon Mr. Oaks,

Please investigate this project in more detail. I believe the Mike Horse project was recently completed and we don't need another Mike Horse project. I hunt and fish in this area of Montana and treasure the resources and opportunities we have. I have no objection to mining as long as we know what the ultimate impact will be.

Please take care of our resources for the citizens and our corporations, but don't let the environment be harmed.

Respectfully,

Mark V. Brady
