Comments: Dear Mr. Spielman, Thank you for sharing the materials regarding the proposed improvements at Telski. We greatly value the opportunity to provide input on these projects and appreciate the chance to engage in a meaningful way. Given the scope of the proposal and its potential impact on our community, we respectfully request an extension to the 30-day comment period. This additional time would allow us to coordinate internally, meet with staff, and prepare a comprehensive and thoughtful response. We look forward to continued collaboration and would appreciate any consideration you can give to this request. Best regards, Zoe Dohnal
