Comments: To Whom It May Concern,

Sweetwater is a hidden gem and should remain so. My husband and myself lived in the North Fork Valley for more than 30 years. We would access our ranch in NW Colorado on Colorado River Road reaching Hwy. 131.

The lack of traffic and people is a rare find in Colorado these days. Sweetwater is all of this! Please don't change anything or if you must, the 3rd proposal with a limited amount of recreation such as tent camping and hiking only. I hope we can keep this area WILD. Thank you.
