Comments: Thank you to the forest service for taking care of our public lands. And thank you to Arapahoe Basin for wanting to make the happiest place in Colorado even happier.

The snow making improvements will ensure that we can enjoy the outdoors sooner in the season. The new parking will aid less experienced skiers get to and from the green runs easier. The bridge will be very helpful, particularly for visitors not used to the 10,800 base altitude. However I hope Arapahoe Basin will continue bus service to high noon, last chance, upper last chance and last last chance parking lots for those of us starting on the bottom lifts.
